

2017/2018 Burials Annual Report

During the year the Parish Council has supported work to maintain and improve cemeteries and future burial facilities within the Parish.

Specifically, work had been undertaken to make the closed cemetery at Belmont Drive safe for visitors; boundary and access improvements are in hand for Balmoral Road Cemetery and provision for safe storage of excess soil for use on site is being made.

Discussions are pending on the provision of land to the west of Victoria Avenue for a new cemetery to ensure the continued availability of burial as an option.

Along with other Councillors I want to take the opportunity to commend the hard work of Wayne and his team for their part in making possible the improvements we've seen over the last year.

I understand there is a competition for excellence in this area which the PC may want to consider putting our facilities forward for next year.

Kind Regards

Jeff Owens
