

Accounts

Sparklecross

It has been a successful year, being able to get both Gates renewed, Nottingham (N) Entrance and Draycot Rd entrance. Our Assment Holders are very pleased. The letting of Plot on Sparklecross has gone well and at the present time we have no vacancies. All Plots are numbered now. Any Plot to let is Rotivated and made fit for purpose. The Hedges will be cut after the Nesting Season has finished.

ELM ST.

A STAND PIPE has been erected for the users of Elm St side and has helped them with their watering.

CHAIN LINK Fencing has been erected down the side of the Lady Smith Entrance this has made it safe for our accounts on the Plots near the drive in.

We still have Plots to let but we are making progress when we let them ~~we~~ make them fit for purpose by Rotivating the ground. The Car Park at the bottom needs some new Hardcore and a tidy up.

Over the year we have spent 2 years of Assment Money to get these jobs done and for that I thank the Parish Council for their backing to be able to get jobs done.

Chairman J. Wilson
