

Ockbrook and Borrowwash community page had this lovely comment on, which with the authors permission I can share.

I'd like to pay tribute to the " Borrowwash gardener " I don't know his name, who I've spoken to several times to say thank you for doing such a good job in our village. I've lived here all my life and I can't remember it looking so well tended and

In particular the cemetery on Balmoral Rd where I have several family members and friends buried.

I've just made a visit there and he's been working his socks off to make the cemetery look nice & tidy on the hottest day of year. It's never looked as good as it does at present.

So I hope he gets this message of thanks , we do appreciate your efforts. 👍
